Dear Harold,

Please forgive me for my long delay in corresponding. Trying to make a living practice law has taken most of my time.

Saw Bud in Miami on another case. He said your new book is out. Got back to Memphis and saw this article in Commercial Appeal. It might give your book a good boost in the Memphis area. Congratulations.

I have been keeping up with case. I have a copy of the brief Jim filed with the Sixth Circuit. It is a masterpiece of legal literature. Give Jim my compliments.

Enclosed is \$15. Please send a copy of the book. If \$15 is not enough, send book anyway, and bill me for the remainder. I will pay promptly the balance by return check.

Your friend,

Wayne

P.S....I also want to congratulate you on your coup with Warren Commission earlier in the year. Your discovery of that transcript has aroused doubts and skepticism of many who have never had any doubts about the Warren Commission findings.
